

**SPECIAL CONDITIONS
OF FORWARDING SERVICES RENDERING
DURING CARGO TRANSPORTATION TO/FROM PRC**

1. General terms and definitions

Special Conditions – these Special Conditions determine special features of relationship between the Forwarder and the Customer during the Forwarder’s rendering of Services related to organization of Cargo transportation between the territories¹ of the Russian Federation (Russia) and the People’s Republic of China (China) in export, import and transit traffic by rail and rail-waterborne transport (hereinafter referred to as the “transportation”).

Depot – the Forwarder’s representative which accepts, releases, stores and performs other operations with Forwarder’s containers in China.

Customs clearance – performance of a set of operations stipulated by the customs legislation and required for export/import of Cargo across the border of the Russian Federation (export, import, transit).

Terms and definitions used in the General Conditions of forwarding services rendering (hereinafter referred to as the General Conditions) are also used in these Special Conditions.

In case of conflict between the provisions of these Special Conditions and other Conditions of forwarding services rendering to be applied, these Special Conditions shall prevail.

2. Planning

2.1. For the purpose of organization of transportation to/from China the Customer shall provide the Forwarder with the information on the planned volume of transportation for next calendar month (with distribution by each 10 days), the route, quantity of the required wagons and/or containers of the Forwarder, transportation solution (however the cost of transportation solution is not fixed) and other essential information (hereinafter referred to as the Plan) on a monthly basis not later than the 10th day of the current month.

The Plan shall be submitted in electronic form set by the Forwarder through the Forwarder’s sales and customers service manager.

2.2. If it is necessary to reduce the volume of transportation the approved Plan shall be amended:

by sending written notification to the other Party in a prescribed manner without incurring liability if such amendment is made at least 10 calendar days prior to the planned date of shipment;

through approval if such amendment is made less than 10 calendar days prior to the planned date of shipment.

Amendment of the approved Plan (execution of an additional Plan) due to the necessity to increase the volume of transportation shall be approved by the Parties.

2.3. Approval of the Orders and provision of the Forwarder’s wagons and/or containers for transportations beyond the approved Plan/ additional Plan shall not be performed or shall be performed by residual principle.

3. Special features of Order execution and its fulfillment in China

3.1. During Cargo transportation from China if the Forwarder does not render forwarding services in China and/or does not organize Cargo transportation on sea leg between China and Russia, it is allowed to execute separate limited Order for one service of container release (hereinafter referred to as the Release Order). The Release Order and main Order are integrated and complement one another.

¹ Is applied to transportation via third countries as well

Submission of a Release Order shall be made within the framework of the approved Plan / additional Plan.

The Release Order shall without fail state the dispatch point and border-crossing point in Russia. In the “Notes” column of the Release Order it is necessary to state information on the destination point. In exceptional cases it is allowed to change the destination point stated in the Notes; such changes may be made only within the framework of the approved Plan / additional Plan.

At the same time the main Order shall be submitted and approved by the Parties, as a rule, not later than 3 days before Cargo arrival in Russia, Kazakhstan or Mongolia unless other deadline is set by the Forwarding Conditions or by the Parties’ agreement. The main Order shall comply with the Release Order(s) with respect to quantity, type of containers and border-crossing point, it shall also contain a reference to the respective Release Order(s) (details of the Release Order(s) shall be stated in the “Notes” column).

3.2. If it is necessary to specify the name, weight of Cargo, NHM codes and other information including the one stated in the Order, the Customer shall immediately provide the Forwarder with the respective data and documents. In order to avoid negative consequences, such information (depending on the particular circumstances) shall be provided beforehand prior to the Cargo transfer to the carrier / its arrival at the border-crossing point / Cargo release etc.

3.3. According to the General conditions the Customer shall notify the consignor, the consignee being its representatives about the terms and conditions of the Contract including about necessity of ensuring reliability of the information about the Cargo’s name and weight, timely provision of the required information and documents, proper execution of shipping and other documents, usage the Forwarder’s containers in accordance with the approved terms of the Order, meeting the set deadlines, check of containers’ condition, proper fixing and placement of cargo in a container, container cleaning after cargo unloading, etc.

The Customer shall bear all the risks related to failure to fulfill / improper fulfillment of the Contract terms and conditions by the consignor, the consignee.

3.4. During the Order fulfillment the Forwarder interacts with the Customer’s representatives. Their actions are considered to be performed on the Customer’s behalf and upon its approval unless their authority was limited during the Order execution.

3.5. The Containers shall be released to the Customer at the Depot on the basis of a Release in accordance with the approved Order.

3.5.1. If the Forwarder provides Services related to transportation management in China, the Customer shall inform the Forwarder when the Cargo is ready for transportation and is delivered to the Forwarder’s Representative at the Terminal in China.

If the Forwarder fails to give instructions in due time and/or the Cargo dispatch is delayed due to the Forwarder’s fault, no fee for Additional Provision shall be charged.

3.5.2. If the Cargo is transferred under the Forwarder’s responsibility at the Russian border, the customs border of the Eurasian Economic Union or Mongolia, the Customer shall inform the Forwarder on the Cargo dispatch from the point of departure in the last transportation haul before transferring the Cargo to the Forwarder (Forwarder’s Representative), and on the arrival at the Russian border, the customs border of the Eurasian Economic Union or Mongolia.

3.5.3. Unless otherwise provided for by the Contract, the Customer shall inform the Forwarder in accordance with clauses 3.5.1 and 3.5.2 of these Special Conditions along with the Customer’s fulfilling of other similar obligations to inform the Forwarder.

3.5.4. The Customer (Customer’s Representative) shall follow the instructions given by the Forwarder (Forwarder’s Representative).

3.6. The approved terms of the Forwarder’s containers provision in China (for Cargo dispatch) including those received from the Customer in accordance with the Release Order, are stipulated by the transportation solution conditions and are placed on the Web-site in section Services.

If there is any discrepancy between the Customer’s data and the Forwarder’s data regarding the time of Provision of containers, to resolve the dispute the Customer shall provide the Forwarder with duly certified documents containing the required information.

If such confirmation is not provided, the Customer will be charged with the fee for Additional Provision based on the Forwarder’s information.

3.7. Containers release/drop-off in China shall be carried out at the Depots located at dispatch/destination point stated in the Order respectively.

For the purpose of preliminary notification of the Customer the list of the Depots where the Forwarder's container may be dropped off after cargo unloading or returned in case of non-performed transportation is placed on the Web-site in section Services.

3.8. If the Customer requires changing of the Depot/ region of the Depot for the containers drop-off, such a change is allowed upon the Forwarder's approval, at that a fee for the change of the Depot shall be charged, the amount of which shall be calculated as at the actual date of the container drop-off at the Depot. The fee amounts are placed on the Web-site in section Services.

In this case the penalty in accordance with paragraph 6.7 of the General Conditions shall not be charged.

3.9. The Customer shall notify the Forwarder about empty containers drop-off at the Depot within 5 (five) calendar days from the drop off, stating the respective date and the Depot. In case of return of an empty container received for cargo loading (refusal from transportation, etc.) notification shall be made within 2 (two) calendar days from the containers drop-off.

If there is a dispute, the Customer shall provide the documents confirming information on containers drop-off upon the Forwarder's request.

3.10. On-the-way loading of the Forwarder's containers in China is allowed in case of meeting the approved deadline for the containers provision, containers drop-off at the same Depot, security ensuring, absence of legal risks and if it is technically and technologically possible.

3.11. Upon the Forwarder's request the Customer shall immediately provide information on the container's location in China, planned date of arrival at point of the Cargo transfer to the Forwarder for forwarding / point of the Cargo release or dispatch, information on the transportation approval by the railway and sea carriers, on the customs clearance of the Cargo and other necessary information.

4. Preliminary notification and other special features of Cargo transportation via inland border-crossing points of Russia²

4.1. In order to reduce the period of the Cargo stay at an entry point of a border railway station to the territory of the Russian Federation, Kazakhstan or Mongolia, including during customs clearance or other procedures of state control (phytosanitary, quarantine, etc.), trains formation and dispatch, performance of other actions aimed at making the transportation process smooth, the Customer shall provide the Forwarder with the information and documents beforehand, within the deadline stipulated by this section of Special Conditions (hereinafter referred to as the preliminary notification).

The Forwarder, in its turn, arranges necessary check (without check of the Cargo) of accuracy of the shipping documents execution, customs clearance of the Cargo (if this is entrusted to the Forwarder), planning and provision of a rolling stock, etc.

4.2. Preliminary notification during the Cargo transportation in international rail-waterborne traffic shall be governed by the Special Conditions of forwarding services rendering at a sea port.

4.3. For the purpose of preliminary notification, the Customer shall, within one day from the Cargo acceptance for transportation by the Chinese Railways but anyway no later than two days before the Cargo arrival in Russia, Kazakhstan, Uzbekistan or Mongolia, or within 2 days from the Cargo acceptance for transportation when dispatching the Cargo from Kazakhstan, Uzbekistan or Mongolia to China, provide the Forwarder with the information and documents stated in paragraph 4.4 of these Special Conditions, and in the event of the use of the Customer's own containers, when the transportation against two orders is made (as per paragraph 3.1 of these Special Conditions), or in the event of the use of the Forwarder's containers from the Customer's stock, container numbers shall be specified as well.

4.4. For the purpose of preliminary notification, the Customer shall provide copies of the following documents:

duplicate of SMGS waybill (for the consignor),

² The requirements on preliminary notification are currently applied to the inland border-crossing point at railway stations Manzhouli (China) – Zabaikalsk (Russia)

4.6. Standard deadline for the customs clearance of the Cargo is 16 (sixteen) hours from the moment of its arrival at the Russian border railway station.

4.7. Taking into account the transit line of business of the Forwarder's container terminal at Zabaikalsk-exp. station (Russia), customs clearance of the Cargo shall be preferably made under customs transit procedure.

4.8. If customs clearance of the Cargo is organized by the Customer:

4.8.1. Besides the information stated in paragraph 4.4 of these Special Conditions, within the same deadline the Customer shall provide the Forwarder with the name of the authorized person performing customs clearance of the Cargo including his/her contact phone numbers, as well as information on the planned customs procedure. This additional information shall be provided in the same manner as the data under paragraph 4.4 of these Special Conditions.

4.8.2. The Customer shall independently ensure receipt of all the documents and information required for the customs clearance.

4.8.3. After customs clearance of the Cargo the Customer shall immediately (guided by the standard deadline) notify the Forwarder about readiness of the Cargo for dispatch and send an e-mail to operations@delo-logistics.com with confirmation of the Cargo release issued by a customs body in accordance with the provisions of Article 118 of the Customs Code of the Eurasian Economic Union.

4.8.4. During customs clearance of the Cargo within the standard deadline stated in paragraph 4.6 of these Special Conditions the payment for the Cargo storage at a terminal, Additional Provision shall not be charged.

4.8.5. In case of failure to meet the standard deadline for the customs clearance (except for the cases when the deadline is not met through the Forwarder's fault) the Customer shall be charged for the Cargo storage, Additional Provision in the prescribed manner.

4.9. For the period of the Services rendering with respect to customs clearance of the Cargo performed by the Forwarder the payment for the Cargo storage at a terminal, Additional provision shall not be charged except for the cases when customs clearance of the Cargo was delayed due to the circumstances depending on the Customer (regardless of detection / non-detection of violations by the customs body).

4.10. Taking into account the transit line of business of the Forwarder's container terminal at Zabaikalsk-exp. station (Russia), the Cargo arrived from the Chinese Railways shall be dispatched from this station as soon as it is ready for dispatch, as a rule within 24 (twenty-four) hours.

4.11. In case of the Cargo dispatch delay over the period stated in paragraph 4.10 of these Special Conditions for three and more days the Forwarder shall have the right to dispatch the Cargo on the route, by a group, complete load on a wagon, single dispatch taking into account the particular existing circumstances regardless of the terms and conditions approved in the Order for the purpose of ensuring proper functioning of the terminal. Such dispatch is possible if the Customer is notified thereon at least one day prior to the Cargo dispatch.

4.12. In case of the Cargo dispatch delay due to the circumstances depending on the Customer (awaiting the train to be formed, delay by the controlling bodies, etc.):

a) in case of the Cargo dispatch in accordance with paragraph 4.11 of these Special Conditions the cost of the Order (proportionally to the volume of the Cargo dispatched) shall be recalculated on the basis of actual conditions of the Cargo dispatch;

б) in case of the Cargo dispatch over the period stated in paragraph 4.10 of these Special Conditions for more than one day, the Customer shall be charged for the Cargo storage at a terminal and Additional provision.
